Sunroll Shading Systems is a reputable Turkish company that specializes in the production and application of motorized canvas and shading systems. Founded in 2008, it has established itself as a leading brand in the sector due to its long-standing experience and world-standard production systems. The company provides creative solutions for shading and protection from the sun, rain, and wind, which allows customers to enjoy their outdoor spaces in all four seasons. Sunroll prioritizes quality and innovation in its projects and offers affordable prices while maintaining its customization principle and quality. With Sunroll's shading systems, customers can experience comfort and style in their outdoor spaces, regardless of the season.

The company is committed to providing creative and tailor-made solutions to meet the specific needs of their customers, both locally and internationally. They have a team of experienced professionals who provide a customer-oriented service and strive to deliver permanent solutions. The company prioritizes quality and innovation in its projects and ensures that all services are performed to last for years. Sunroll attaches importance to customer satisfaction since its foundation and has gained the trust of the industry by offering affordable prices while retaining its customization principle and quality. This approach has helped Sunroll to establish itself as a reputable and reliable company in the shading systems industry.

# BIOCLIMATIC PERGOLA

## Double-Motion Bioclimatic Pergola:

Sunroll Bioclimatic Pergola is a double-action system, unlike all its competitors, thanks to its 3-motor system. The panels rotate on their axis up to 110 degrees according to the sun's position. It then rolls back, allowing for a completely clear sky.

- Flat Installation (No need for slope).
- Available in all RAL colors
- Different motor options according to your budget
- Quick delivery
- 3 years warranty

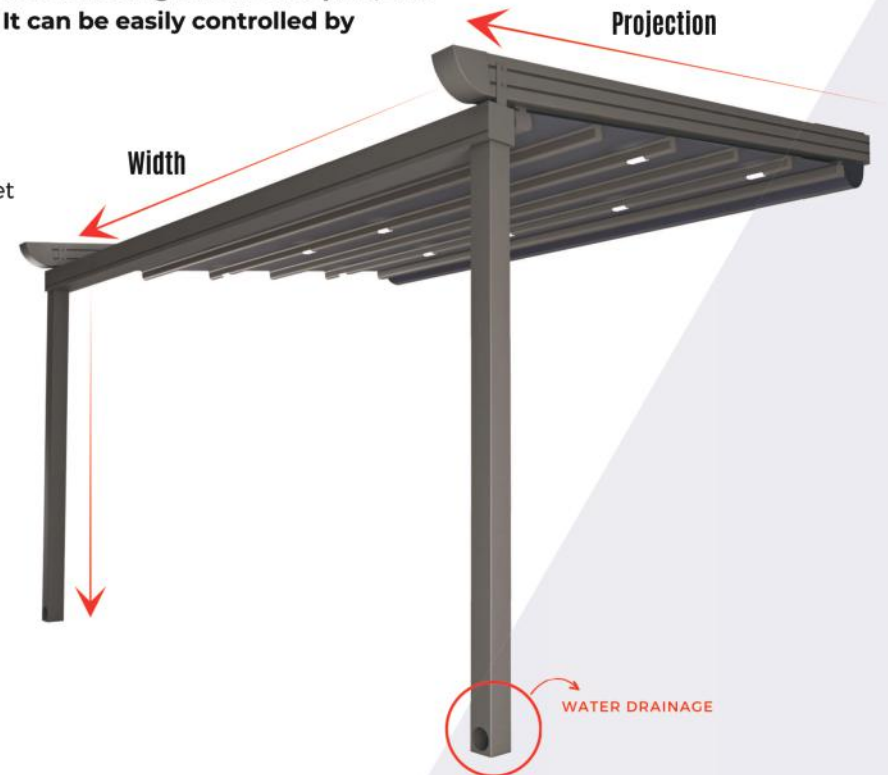

# FABRIC PERGOLA

## FABRIC PERGOLA:

Due to the waterproof PVC Blackout Fabric, it is resistant to all types of weather. Contrary to the traditional awning concept, a pergola awning is quite robust and has a contemporary design. Thanks to stainless connecting screws and pins, it is a product with the highest level of durability. It can be easily controlled by remote control.

- Available in all RAL colors
- Different motor options according to your budget
- Quick delivery
- 3 years warranty

# RETRACTABLE ROOF

## RETRACTABLE ROOF:

Sunroll Retractable Roof is suitable for both commercial and individual areas thanks to its tempered and heat insulated glasses. This roof system provides energy savings and also offers good thermal insulation. The Retractable Glass Roof, which can adapt to all types of weather conditions, offers 100% safe usage thanks to its use of tempered glass. It brings together aesthetics and comfort by allowing your spaces to connect with the sky, whether in closed or open position.

- Available in all RAL colors
- Different motor options according to your budget
- Quick delivery
- 3 years warranty
